Adoption Discovery Equipping Families for New Possibilities

Adoption Discovery is a low cost education ministry for anyone interested in adoption.

The program is designed as a seven week small group study to bring together individuals interested in adoption. Armed with the knowledge that 150,000 children in the US and millions worldwide are waiting a place to call home, Adoption Discovery aims to reduce the fears of adoption by providing facts and step by step support for anyone interested in the adoption process.

Adoption Discovery is not a placement agency.

Will you help us?

We are looking for individuals who would be interested in leading the Adoption Discovery program in their church, workplace or community. Please contact us if you or someone you know may be interested. There is no better way to invest in the future than to help a child today.
